> AIR FRANCE-KLM SHAREHOLDERS' MEETING ON MAY 26, 2021

Dear Readers

The Annual General Meeting of Air France-KLM will be held on Tuesday 24 May 2022 at the Hilton Hotel in Roissy. For the first time since 2019, it will be held in person. It will be broadcast live via webcast on the Group's website.

For shareholders, this is the highlight of the year. At this meeting, they can express their choices by voting for or against the resolutions submitted to them. They can also ask questions and will be informed of the results of the past year.

Each employee shareholder (or former employee shareholder) can participate in the General Meeting in several ways:

- either by voting in person, by Internet or by mail*
- **Or by entrusting his powers to another shareholder of his choice***

For the past six years, I have been representing employees and former employees who are shareholders, and I have been collecting the powers of attorney that you would like to entrust to me.

At the last General Meeting, 1,500 people placed their trust in me.

By choosing to entrust me with your powers, you are strengthening my credibility within the Air France-KLM Board of Directors.

The 64% of votes you gave me to re-elect me also contribute to this, as do the 11,124 readers who have subscribed to my weekly newsletter.

You will find my explanations of vote in this Flash.

The voting forms should be sent to you shortly:

. the emailing of the "identifiers" for shareholders with an email address is planned for today, Friday May 6, starting at 11:00 a.m.

. the paper mailings for shareholders who have not subscribed to the emailing of the codes will be sent out in the next few days. It is therefore necessary to take into account the delay related to postal delays.

You can find all the documents related to the Annual General Meeting on the Air France-KLM Group website, on the financial information page.

You will also find the link to the Universal Registration Document 2021 on the homepage of my blog navigaction.com.

Thank you for your trust and loyalty François

> Before entrusting me with your powers, please read my voting intentions

I will approve the resolutions submitted to the shareholders. Here is a brief overview :

. resolutions 1 and 2: the approval of the financial results for 2021

. resolution 3: the allocation of the results for the year 2021

. resolutions 4 to 6: regulated agreements

. resolutions 7 to 9: the renewals or appointment of directors

. resolutions 10 and 11: the appointment of a new auditor

. resolutions 12 to 17: the remuneration of executives

. resolution 18: the ratification of the transfer of the registered office

. resolution 19: the increase of the total nominal ceiling of the capital increases

. resolution 20: the addition of a preamble in the bylaws for the purpose of adopting a purpose of the Company

. resolutions 21 to 26: the updating of the bylaws

. resolution 27: the powers for formalities

Note that resolution 35, voted last year, remains valid:

Capital increases reserved for members of a company or Group savings

plan 2% of the share capital of the Air France-KLM Group may be offered to beneficiaries with a maximum discount of 30% OR with free shares and a matching contribution.

> Focus on the twentieth resolution: Adoption of the purpose of Air France-KLM

Twentieth resolution (Addition of a preamble to the Articles of Association in order to adopt a purpose for the Company) - The General Meeting, voting under the quorum and majority conditions required for extraordinary general meetings, having reviewed the report of the Board of Directors, resolves to amend the Articles of Association as proposed by the Board of Directors.

The General Meeting, voting under the quorum and majority conditions required for extraordinary general meetings, having taken note of the report of the Board of Directors, resolves to amend the Company's Articles of Association as proposed by the Board of Directors. Consequently, the General Meeting decides to add a preamble before Title I of the Company's Articles of Association as follows

"PREAMBLE :

At the forefront of a more responsible European aviation, we bring people together to build the world of tomorrow."

My comment: The 2019 Pact law (Action Plan for Growth and Transformation of Companies) encourages companies to strengthen the consideration of social and environmental issues related to their activity.

In summary:

The company can pursue, in compliance with its corporate purpose, an entrepreneurial project that meets a collective interest and gives meaning to the actions of all employees.

Article 1835 of the Civil Code is thus amended to recognize the possibility for companies that wish to do so to include a raison d'être in their articles of association.

This amendment enshrines the commitments made by many companies with regard to social and environmental responsibility.

The raison d'être is the long term project in which the corporate purpose of the company is included. The enshrinement of this notion in the civil code encourages companies to be more oriented towards the long term.

For more than a year, the Air France-KLM Group has been consulting with Group employees. The Board of Directors also took part in the discussions, which led to the proposal of this beautiful raison d'être:

At the forefront of a more responsible European aviation, we bring people together to build the world of tomorrow.

> You are a shareholder and you wish to entrust me with your powers of attorney:
